MAIL STOP PETITIONS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE OFFICE ACTION**

In accordance with *Delgar Inc. v. Schuyler*, 172 USPQ 513, MPEP § 711.03 and the provisions of the Notice of October 25, 1993, 1156 O.G. 53, Applicants respectfully request that the holding of abandonment be withdrawn because the Applicants' undersigned representative did not receive the Office Action, and, therefore, did not respond to the Office Action.

For the Director's consideration, the docketing procedures of Fish & Richardson P.C. are outlined hereinafter:

1) in addition to a paper file, the firm maintains an electronic file for each application. All incoming mail is received by the Firm's Minneapolis office. It is opened by a scanner/indexer for the electronic filing system (called "Automated Practice System" or "APS"). The indexer/scanner scans the document into APS under the Firm's reference number and also gives it a description and page count. APS routes the scanned mail to central docketing and to all attorneys and secretaries connected to the application.

2) the docketer reviews the document and docketes the due date in the central docketing database. That database is backed up each day so all data can be recovered should there be a system failure.

3) the lead secretary for the application docketes the due date for the document in a separate, manual docketing system. The secretary of the attorney who is handling the case checks the docket entry of the lead secretary to ensure that it is correct.

Applicants thank Examiner Osman and Head Legal Instruments Examiner Verlene Green for the information provided in the teleconferences held on November 16, 2007. Meghan McGovern, an attorney with the Firm, contacted Ms. Green and then Examiner Osman to obtain the status of this application. During these teleconferences, Examiner Osman and Ms. Green

informed the undersigned that the non-final Office Action of February 1, 2006, and a Notice of Abandonment of November 16, 2006, were mailed to 601 13th Street N.W., Washington D.C. 20005. Additionally, Examiner Osman and Ms. Green noted that the U.S. Patent and Trademark Office received a returned mail notice from the Post Office indicating that neither the non-final Office Acton nor the Notice of Abandonment were delivered. Accordingly, Applicants did not receive the non-final Office Action of February 1, 2006 and, thus, could not respond to the non-final Office Action in a timely manner.

A further search of the paper file jacket and the electronic file record (APS) indicates that the Office Action was not received.

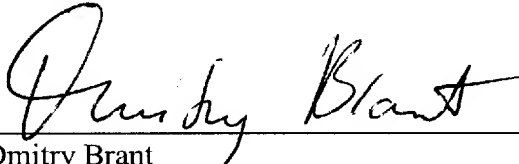

As evidence of non-receipt of the Notice, a copy of the records used by the Firm where the non-received Office Action would have been entered had it been received is attached hereto.

Inasmuch as it is clear from the above that the Office Action had not been received by the undersigned, and, as provided for in *Delgar Inc. v. Schuyler*, 172 USPQ 513, MPEP § 711.03, and the provisions of the Notice of October 25, 1993, 1156 O.G. 53, Applicants respectfully request that the holding of abandonment be withdrawn and that a new Office Action be issued in this case.

As the non-receipt of the non-final Office Action was due to no fault of the Applicants nor the undersigned, no fee is being submitted under 37 CFR § 1.137. However, the Director is hereby authorized to charge any fee deficiency, or credit any overpayment, to Deposit Account No. 06-1050.

Respectfully submitted,

Date: 1/2/08
